NOTICE:

- Your signature and the date are required on the processing sheet to acknowledge your understanding of our business standards.
- Your order is considered final once you sign the initial processing sheet. No modifications will be permitted afterward. Please refrain from contacting us to request changes.
- We'll notify you via call or email once your order is ready. Kindly refrain from contacting our store to inquire about its status. Please ensure that you provide accurate phone and email information on the initial paperwork.
- Once we notify you that your order is ready for pickup, please transfer it from our freezer to yours within 10 days. Because venison orders are processed in two stages (fresh-frozen first, then smoked-frozen), you will make three visits to the Wurst Haus: first to drop off your order, a second visit 2 to 3 weeks later to pick up your fresh meat, and a third visit to collect your smoked products once notified. The initial 10-day storage period is included in the price. However, if you exceed this timeframe, a \$5.00 per day storage fee will be added to your final bill. You will be notified approximately 35 days before your smoked products are ready. Our system will keep you updated.
- Please be advised that we are no longer able to ship your processed Venison products, including both raw and cooked items. Should you choose to hunt in Missouri, you will be responsible for collecting your processed meat or arranging for a third party to do so and ship it on your behalf.
- Despite current resource constraints, we are committed to delivering your product to the highest possible standard and are proactively working overtime to achieve this.

PAYMENT:

- Payment for the deer carcass processing is due upon drop-off. We will notify you when your fresh meat is ready for pick-up, at which time payment for the sausage processing will be required.
- For trim meat drop-offs, a \$100 non-refundable deposit is required. This deposit will be credited towards your final sausage processing fees.
